

Vi hadde det så gøy at vi glemte å spise.

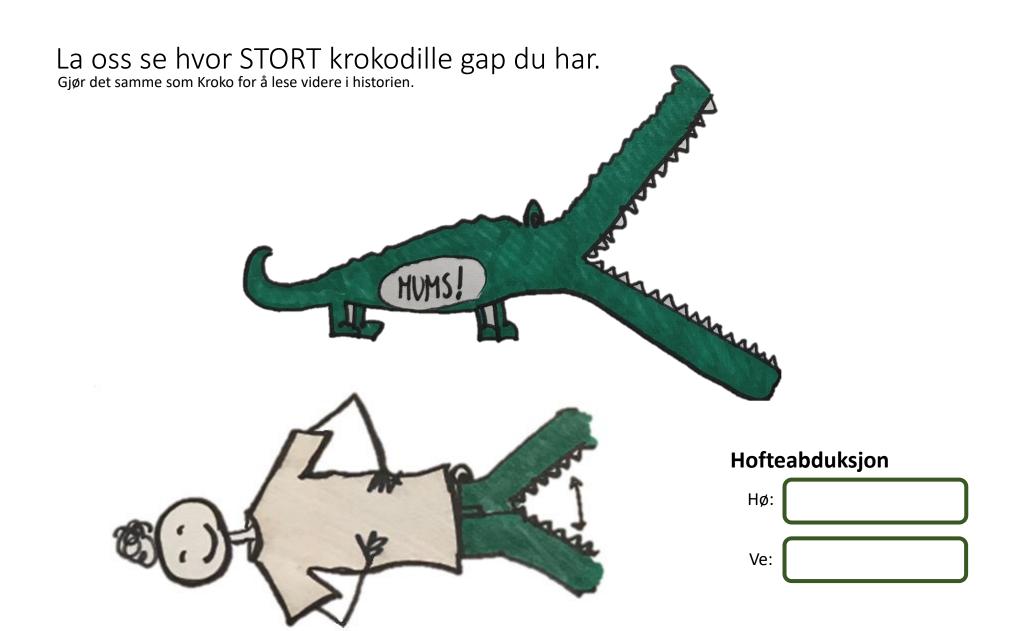

Men plutselig ble Kroko kjempesulten!

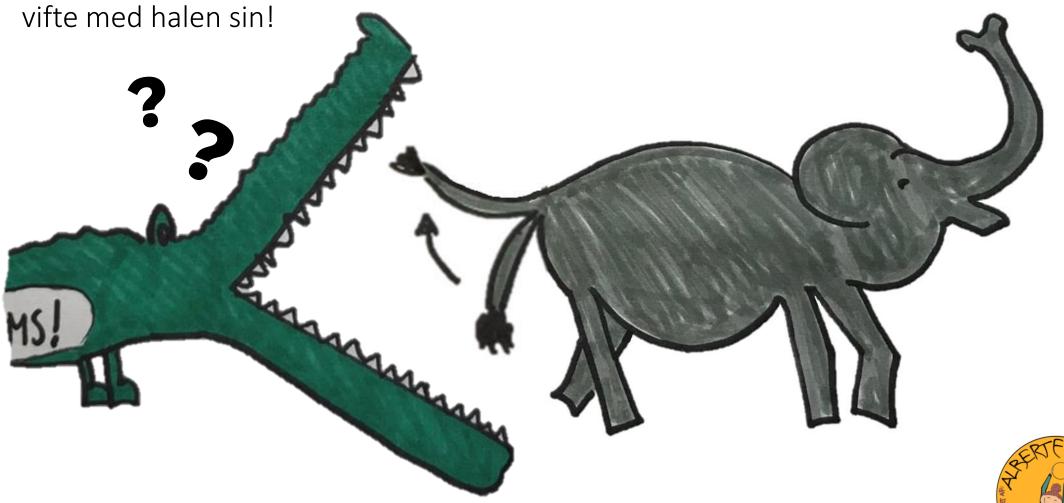

SÅ sulten at den kunne spise en hel elefant!

Fysioterapeut: Alberte Eline Madsen 4

Men akkurat da Kroko åpnet munnen begynte elefanten å

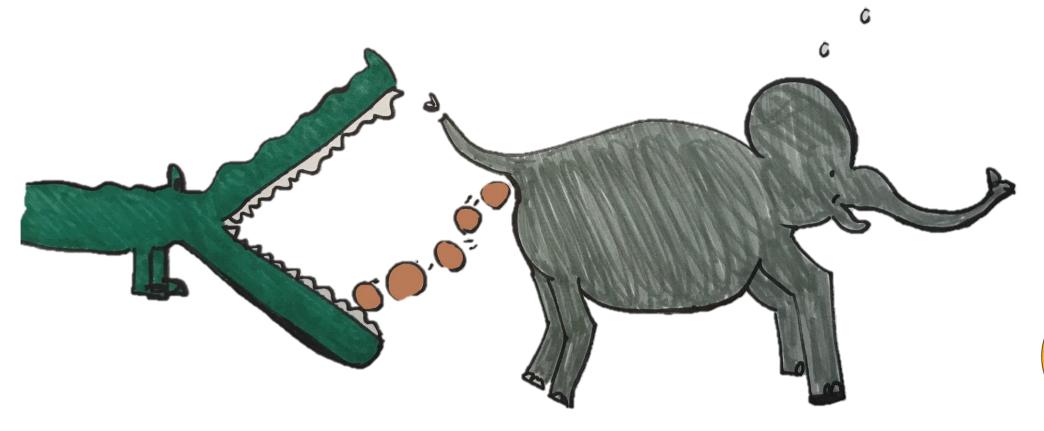

Kroko tenkte: ååh jeg lurer på hva som skjer nå.

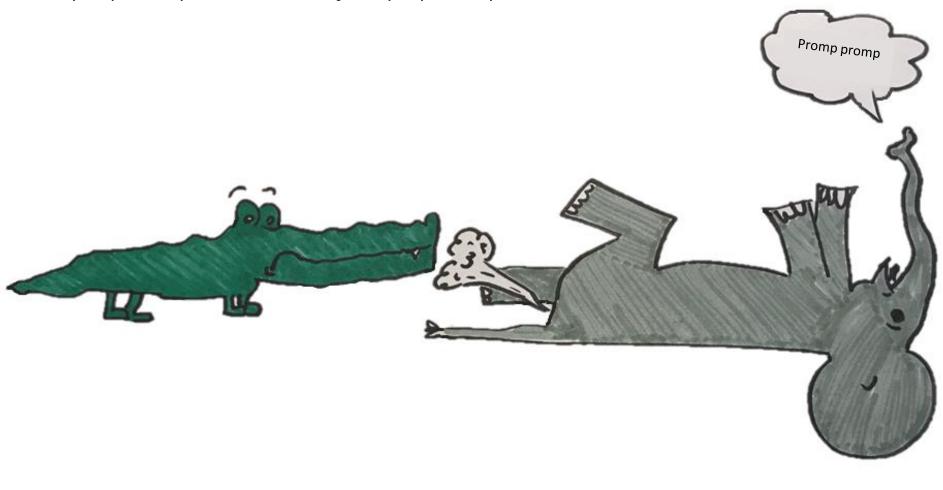

Vifte vifte vifte, og plitselig kom fem runde elefantbæsjer flyvende ut av rompa til elefanten!

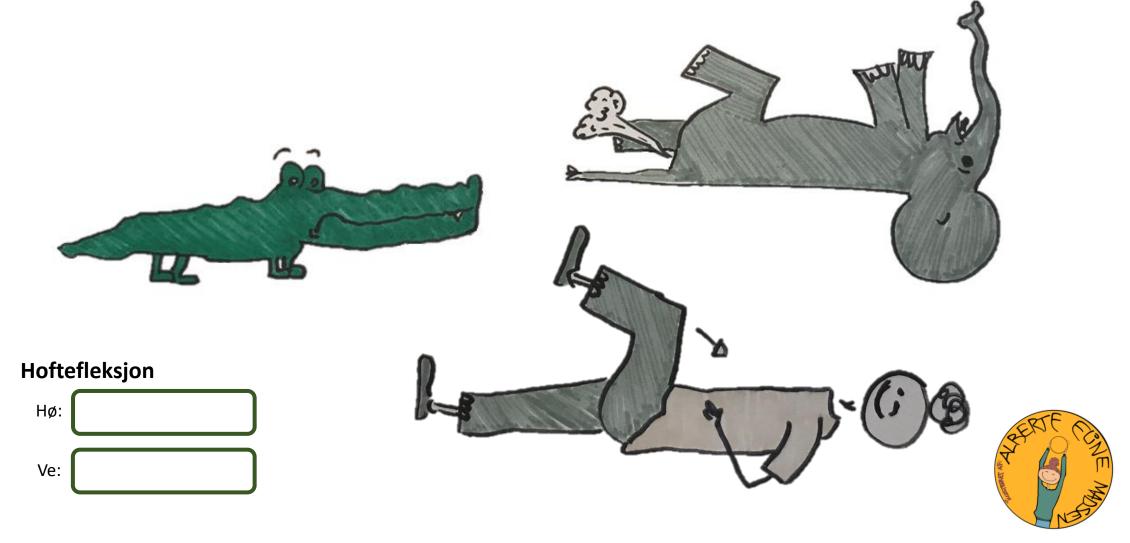

Elefanten trillet over på veggen av latter haha. Etterpå prompet han en kjempepromp til dessert!

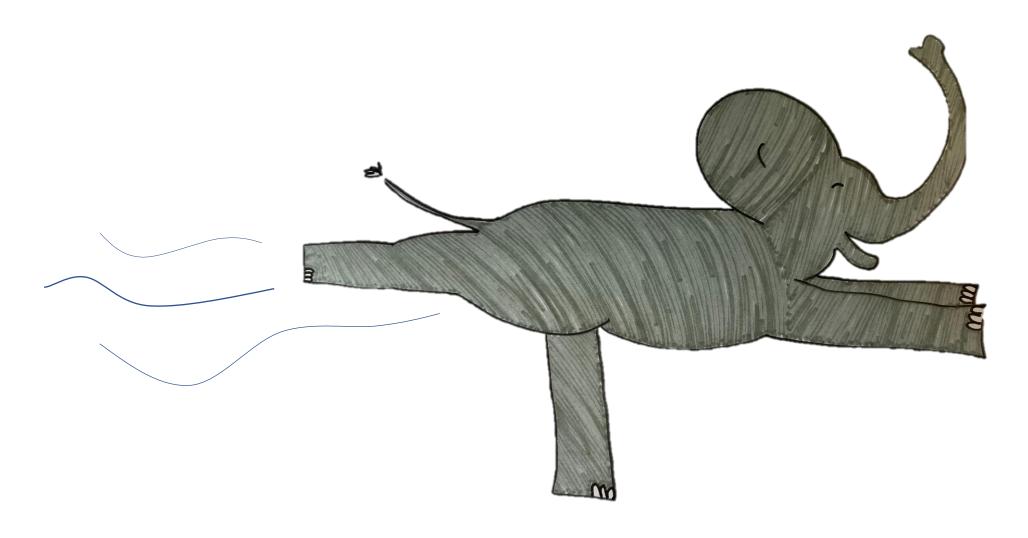

La oss se hvor stor din prompefaktor er!

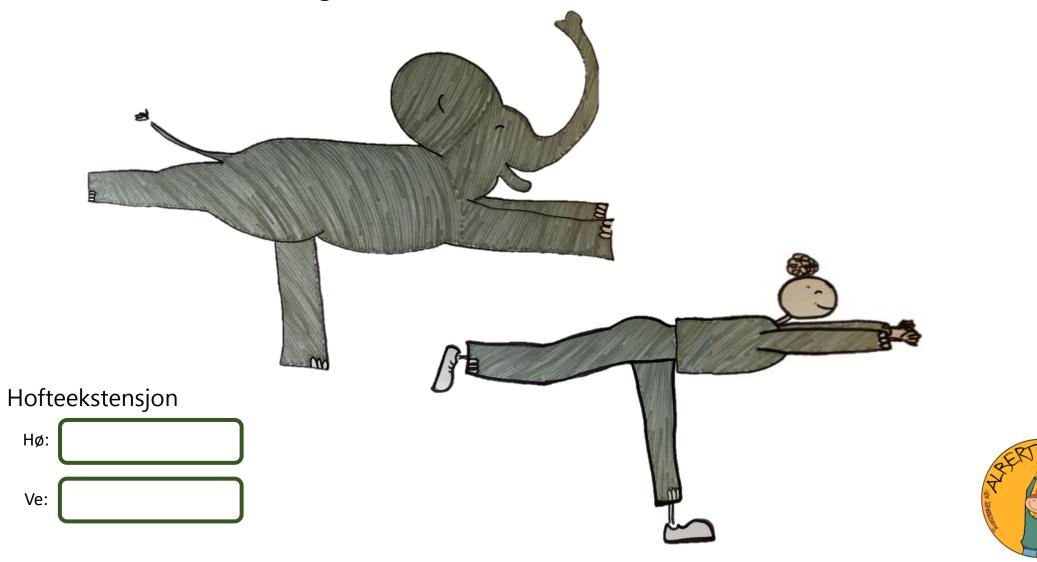

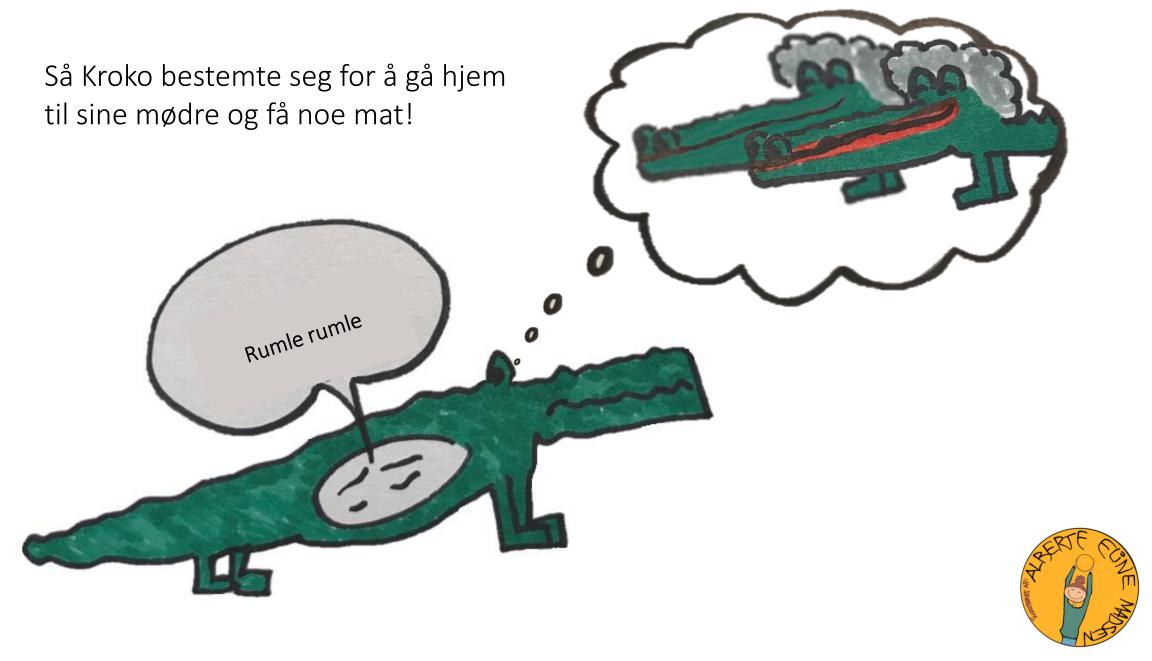

Elefanten var så glad at den nesten kom flyvende hjem.

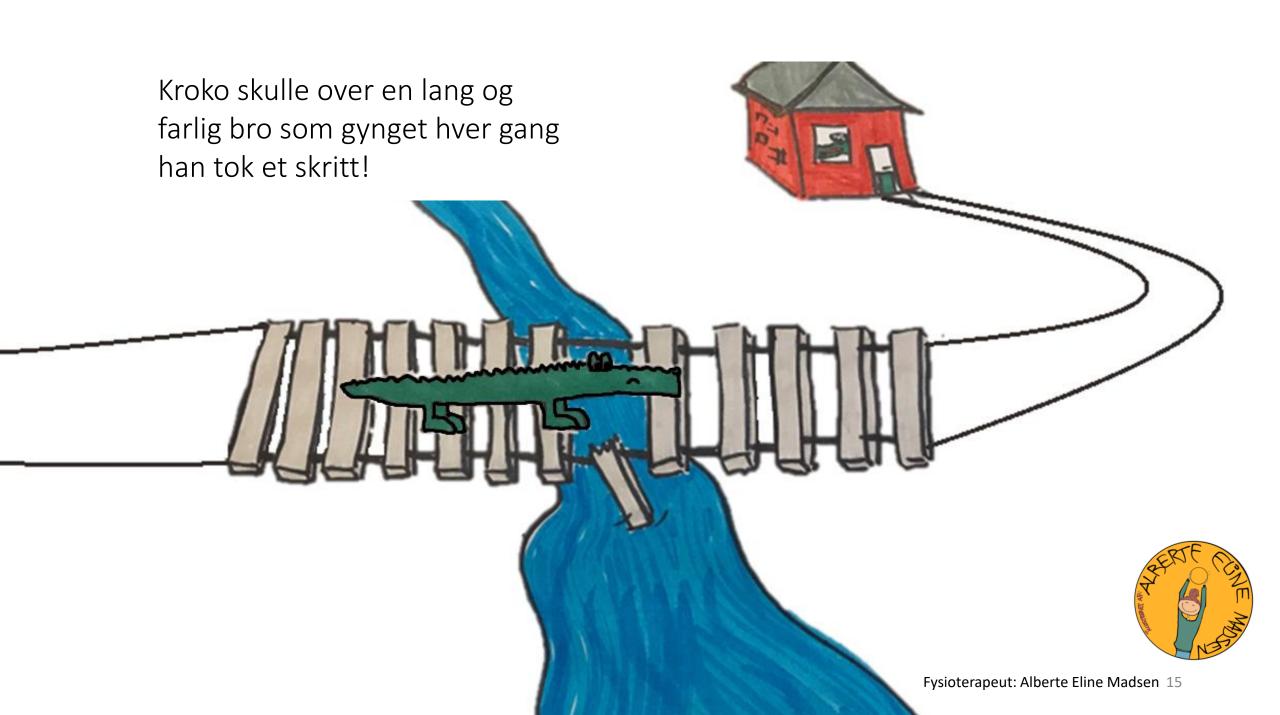

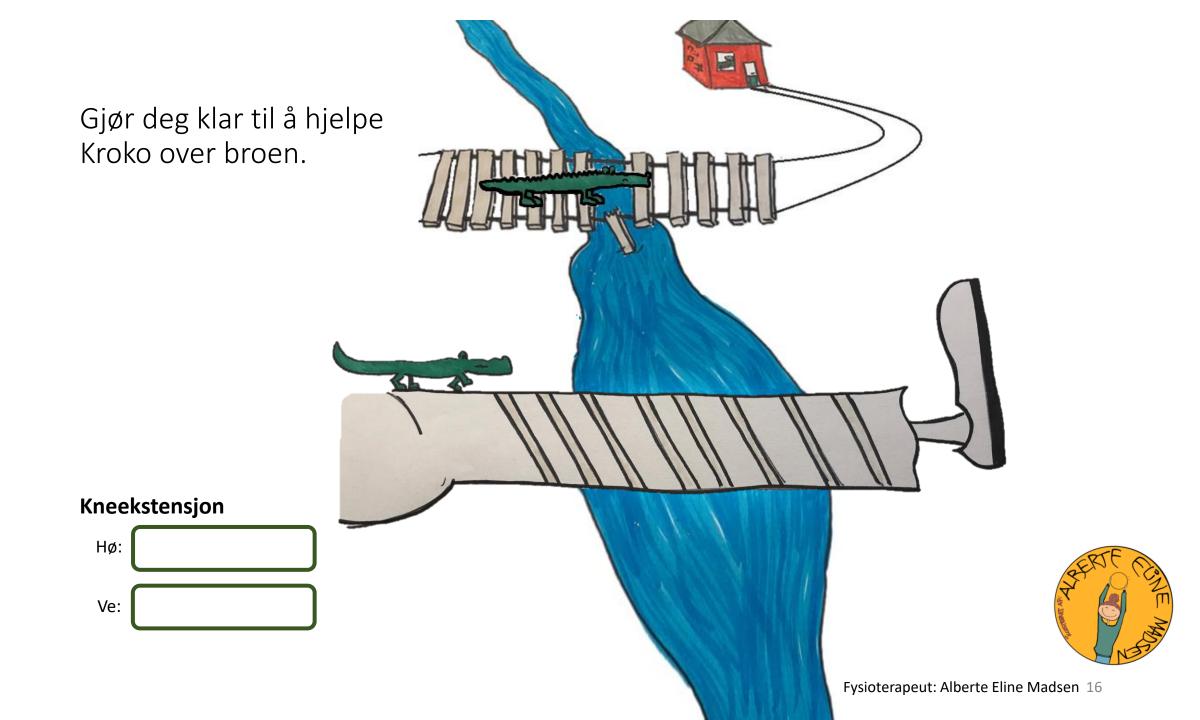

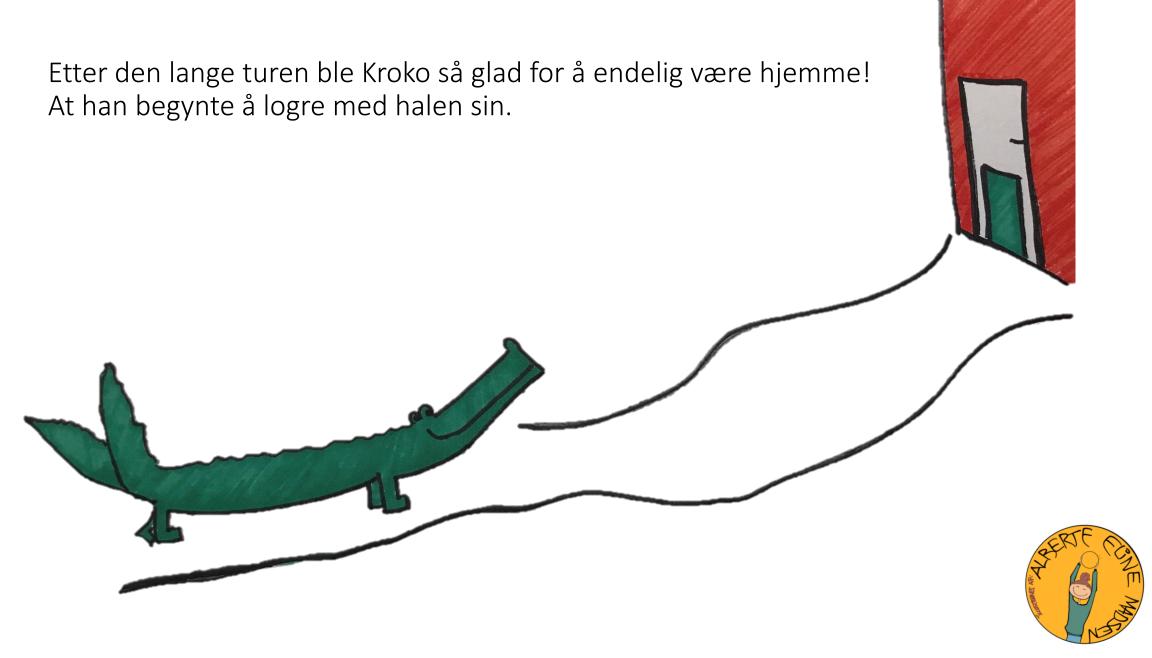

Er du klar til å strekke deg som en elefant?

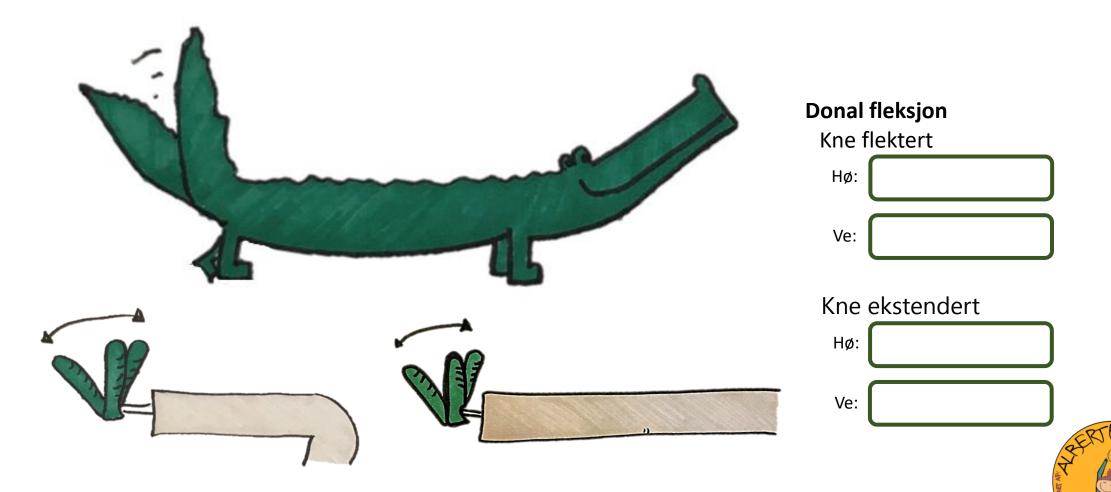

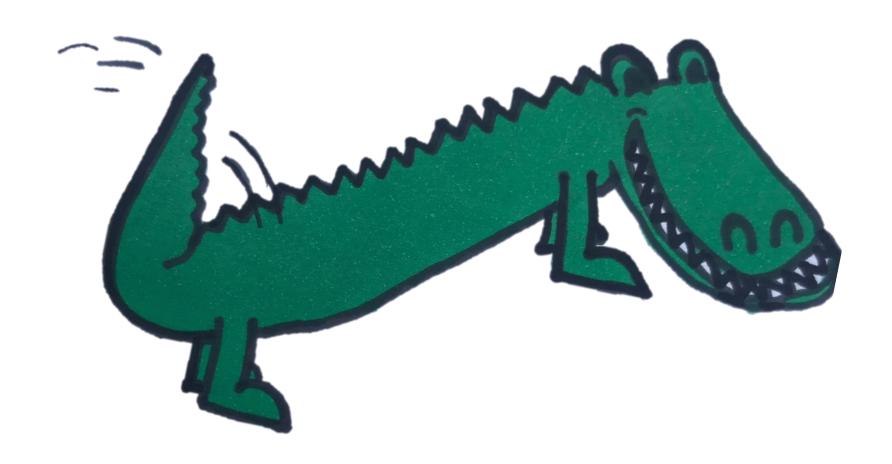

Er du klar til å logre som en krokodille:

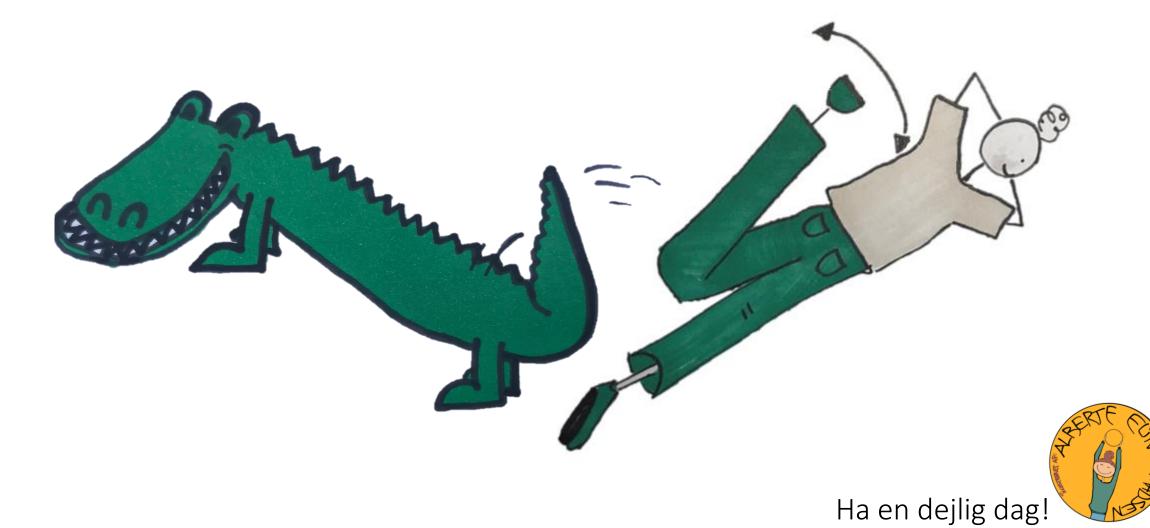

Kroko sier takk for hjelpen og vinker farvel på ekte krokodillemåte!

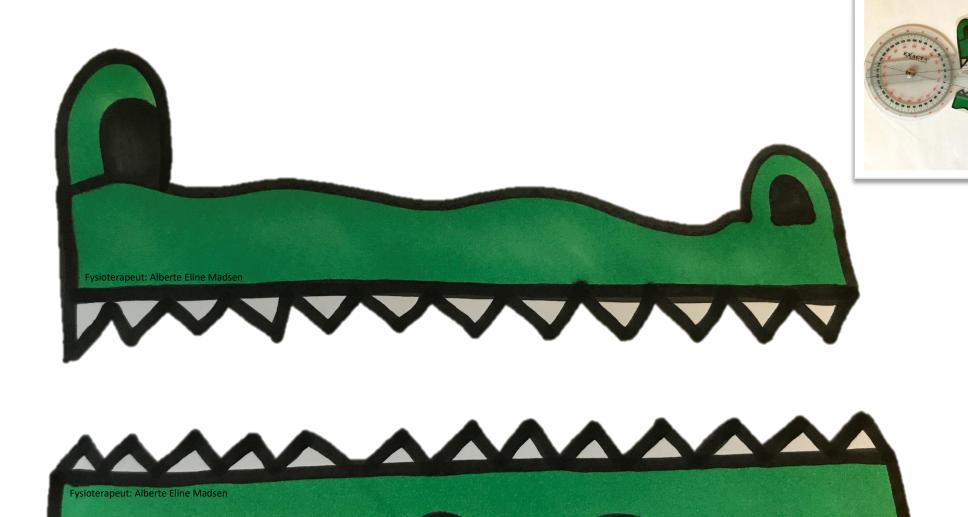

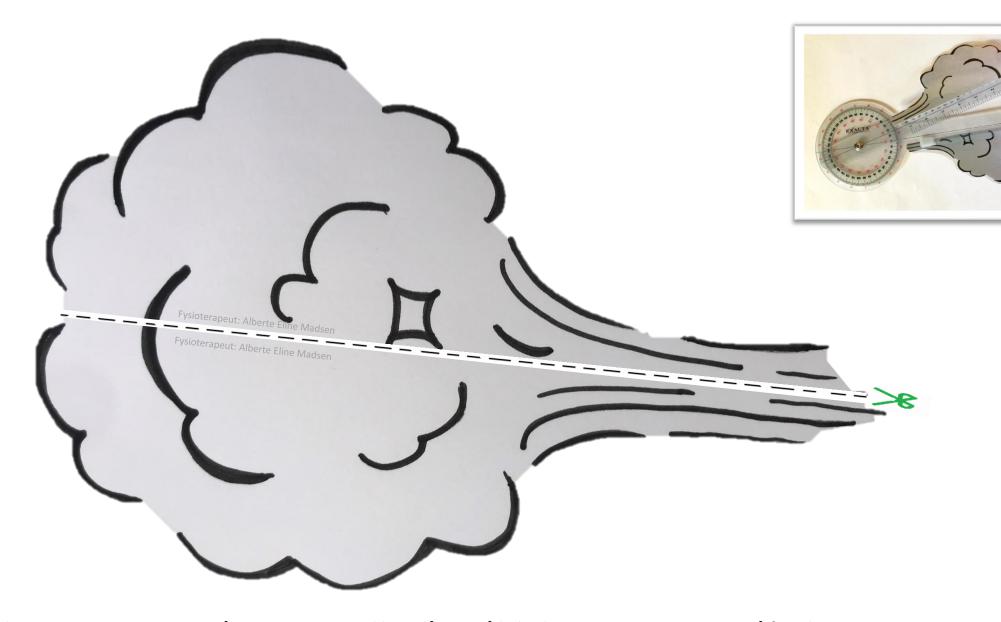

Hei heei

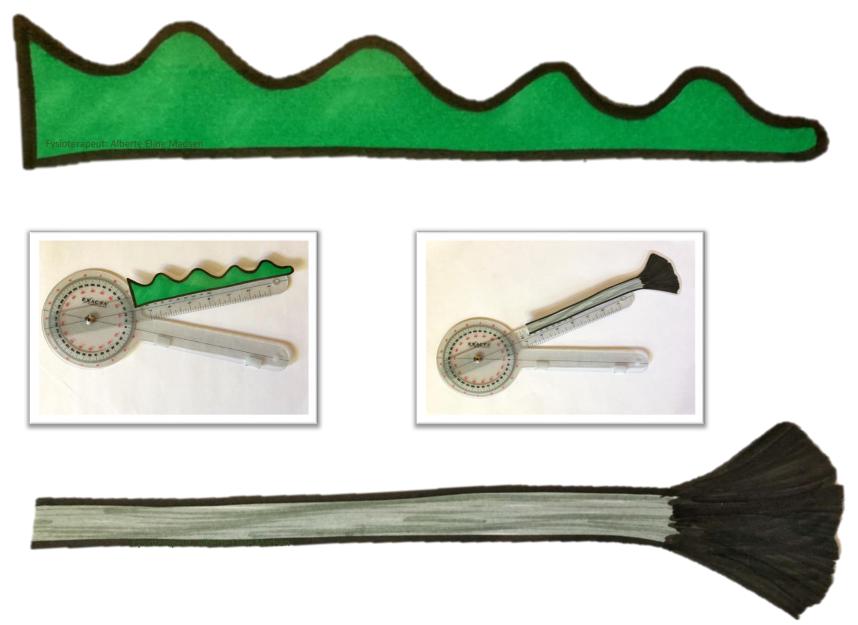

Evt: print og klipp for bla. å understøtte når krokodillen skal over broen.
